

Off we go!

Once our campers are checked in, they are personally escorted to their unit meeting area for our opening 'flagpole' activities. Dancing, singing and cheering will be heard throughout the campus!

A day in the life of an Ivy camper

Ivy campers start each day with a warm greeting from our enthusiastic and spirited staff. Whether they are met along their walking route to camp, or in our drop off round-about, you can be sure that our smiles will be welcoming!

At 9:15am,

when all of our campers have arrived they get a first glance at their daily activity schedule. Of course, there will always be swim and lunch...but what else awaits?

"Yes! ...we have gaga, tennis, dance, sculpting and hockey"... we might hear some groups say! While another group is excited for Kangoo kids, nature study on our discovery trails, learning to bike, playing baseball and Special Effect Science!

Everyday is different... every day is a new adventure!

Between activities our counselors may be heard singing with the campers, playing games, chatting, laughing, snacking and hydrating along the way. We love watching our counselors interact with our campers during this transition time - it's how bonds form between campers and counselors.

When it's time for swim, campers will go back to their cabin room to change - some of our Junior Ivy Campers might need help...that is what we are here for!

Campers will be escorted to their own swim instructor, with their own counselors alongside them in the water to ease any anxiety!

Swim

Lunch

Just as our campers start to get hungry... it's time for lunch! Counsellors diligently check camper's individual camper card for any allergies, food restrictions and eating-habits.

See you tomorrow!

At the end of the day it's time to meet again as a unit in our meeting area! Campers cool off with a popsicle in the shade. They pack their bags with all of their creations from the day... and are finally escorted to their grown up for pick-up!

It is always hard to say goodbye, but another day is just around the corner...and who knows what tomorrow's theme day may bring!

Oh... and in case you were wondering... our Ivy Elders need to feel independent and we know this. That's why our Seniors get some freedoms that our Ivy Kinders and Inters don't. They have choice periods within their day for an opportunity to create their own adventure... and we love seeing them take on leadership roles! It is our sincere pleasure to watch our campers grow with us.
